Playgrounds

- Balance beams, stepping stones, climbers, play logs, fitness equipment, hurdles, swings, play trains, stages, log webs, sand-pits, stages, tunnels, pirate ships, play platforms, wooden forts

Seating

- Public seating, garden seating, playground seating, picnic tables

Shelters

- Field shelters, Wendy houses, tree houses, public shelters, workplace shelters, bike sheds, log stores

The sky is the limit!

If you like what you see in this brochure, remember we can make anything you like.

If you can think it... We can make it!

PLAYGROUNDS - Pirate Ship

Smell the salt in the air as you take charge of this exciting Pirate Ship. Capture your enemies and make them walk the plank, then go below deck to your private cabin to count your gold!

Can be supplied with hoistable pirate flags and wooden canons.

£4,995 Standard Pirate Ship
(7m long x 2m wide) - with plank

Different sizes of Pirate Ship are available - designed to meet your exact requirements. Prices start from £1,495 for a simple design.

PLAYGROUNDS - Play Platform

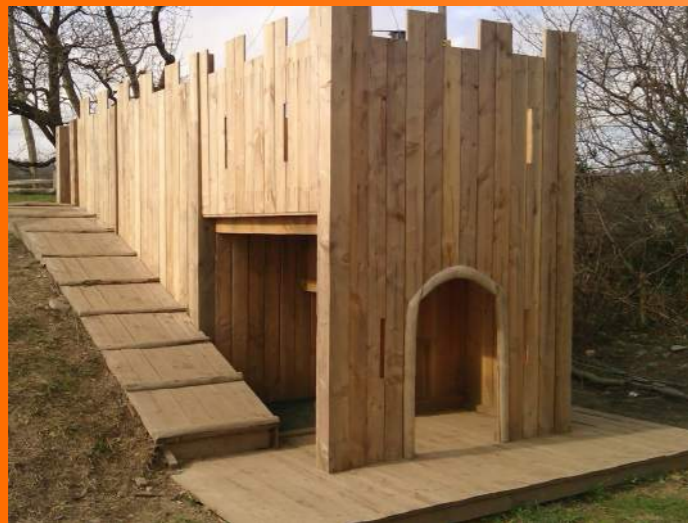

£3,795
Play platform
(3.2m x 3.2m)

With rustic steps, entrance ramp and den frame.
Max height of platform 1.5m

Is it a castle? Is it a tower? Is it a house? You decide. Make a palace on the top deck with a dungeon below. Repel all raiders by defending the entrance ramp and ladder, or maybe just sit down on the hand rail and enjoy the view.

PLAYGROUNDS - Wooden Fort

Be king of all you survey in this ancient castle. Spy on intruders through the arrow slits or surprise them by hiding in the secret room. Can be supplied with flagpole, flag and wooden heraldic shield.

£7,995 Wooden Fort
(2.5m wide x 2.5m high)

With side access ramp, flagpole and climbing feature
Custom built into slope.

PLAYGROUNDS - Giant's Bench

This enormous bench can be many things. It's a climbing frame, a den and a high look-out. Perfect for looking out over a magnificent view and a delight for children and adults alike.

It's so big, it will easily seat six people with room to spare, so it's a great place just to sit and watch the world go by or maybe to have a chat while watching the kids playing far below!

£1,495
Giant's Bench

Sitting height - 1.5m
Total height - 2.5m
Width - 2.5m

PLAYGROUNDS - Balance Beams

£145
Simple Balance Beam
12 ft long (3.7m)
with single support poles

Add a Cross-hatched surface
for £20

Add double support posts
for £30

Add Weave-poles
for £20 per pole

Design your own exciting Balance-Beam Trail. Use them to link other play features together. Make a figure of eight race-track. Make them different heights and widths. Perfect for low-impact play areas in a woodland setting.

PLAYGROUNDS - Balance Beam Trails

Balance beams are excellent for linking together other items of equipment for playgrounds and fitness trails.

PLAYGROUNDS - Stepping Stones and Log Forest

£22 - Small Stepping-stone
Up to 8" diameter (200mm)
Max height 2' (600mm)

£32 - Medium Stepping-stone
9" to 13" diameter (325mm)
Max height 2' (600mm)

£48 - Large Stepping-stone
14" to 18" diameter (450mm)
Max height 2' (600mm)

Log forest
£40 per pole

Great for improving balance and co-ordination. Stepping stones can be of different heights and sizes. They can also be combined with balance beams and other pieces of play equipment. Make them different heights and widths. Perfect for low-impact play areas in a woodland setting.

It might look simple, but the log forest can be traversed in different ways, some much more difficult than others. Challenge your friends to a difficult route and get a jolly hard work-out while you're at it!

PLAYGROUNDS - Play Logs

Play log
from £395

Get in touch with your inner lumberjack! Natural logs provide an infinitely more interesting and varied surface than something produced in a factory.

We can position them and make them secure in any configuration you choose.

If you already have suitable logs on site, we can re-position them and make them secure for you.

PLAYGROUNDS - Climbers

£645
60 degree - 4 rung climber
(Max 1500mm high)

£795
90 degree - 5 rung climber
(Max 1500mm high)

Climbers can be provided with cargo nets on one side, or as a simple vertical frame.

These climbers are at home in a playground, a fitness trail or an assault course. They make great tunnels or they can be covered in a tarpaulin and to make a very solid tent. They also make a comfortable place to sit down and survey the world around you!

PLAYGROUNDS - Hurdles

Hurdles can be arranged in many different configurations, including straddle jumps with sloping tops, sit-up benches and under-over bars.

Jump 'em, balance on 'em, climb 'em or just sit on 'em!

£145
Low hurdle (up to 600mm high)
(2m wide)

£170
High hurdle (up to 1m high)
(2m wide)

PLAYGROUNDS - Fitness Equipment

£795
Monkey bars

*requires safety surfacing

£595
Pull-up bars

*requires safety surfacing

£595
Parallel bars

£295
Inclined sit-up bench

Work off those extra pounds and get those toned abs you always promised yourself. They're good fun to play on too!

PLAYGROUNDS - Swings

£2,595
Basket Swing

No Playground is complete without one of these!
THE most popular piece of playground equipment wherever you go.

Can carry 3 adults with ease, and even more kids if they can persuade the adults to get off and let them have a go!

Individual swings can also be provided on a similar frame

PLAYGROUNDS - Kids' Railway Set

£175
Railway Engine

£145
Carriage 2

£95
Carriage 1

£395
Full set

A cute set of rolling stock for toddlers to recreate the adventures of Thomas the Tank Engine.
Can be scaled up for larger children or adults!

PLAYGROUNDS - We also make...

Sandpits

- Available with wooden roofs, seats and covers.

Play Stages

- Varying sizes and shapes of raised stage with barriers on three sides.

Log Networks

- Random structures of many logs bolted together. Ideal for exploring, climbing and den-building.

Tunnels

- Industrial plastic reinforced piping buried in grassy mounds. Differing diameters and lengths.

Natural Play Areas

- WiseWoods Wales believes in Natural Play. We can help you design innovative and challenging play areas with advice from the Natural Play experts RAY Ceredigion and Play Wales.

SEATING - The 'Very Solid' Range

£395
Very solid outdoor bench

Douglas Fir seat and bearers
Larch back-rest posts
6 foot wide (1.8m)

Our 'Very Solid' range of seating does exactly what it says on the tin.

We would be very surprised if you can find a more solid bench or picnic table than these.

£695
Very solid picnic bench

Douglas Fir
6 foot wide (1.8m)
Table top can be extended for wheelchair access

Perfect for public places where they will get a lot of wear and tear. They look pretty good too!

SEATING - The 'Solid' Range

£85
Simple log bench
6' wide (1.8m)

*requires digging into the ground

If you don't need your seats to be completely bomb-proof, then our 'Solid' range may very well be for you.

There's still a lot more wood in them than you normally find in shop-bought garden furniture, but at least you have a better chance of moving them by yourself.

£85
Simple plank bench
(4' wide)

*freestanding

The simple log bench can be made up to 12' (3.6m) long, and can be arranged to form an outdoor classroom or theatre.

SHELTERS - Single Pitch Shelter

£3,995
Shelter
(5m x 3m)
With tin roof and wooden floor

Shelters can be supplied in many different sizes and designs.

Need an outdoor community space? This is just the thing for you.
Can be supplied with or without a wooden floor.
Walls can be solid or half-height.

Also great as a workshop, field shelter, bird hide, garage, car port or bike shed.

SHELTERS - Play House

£1,895
Play House
2.5m x 2m
(1.5m door height)

No floor
Internal seating
Overhanging eaves

This shelter can also be built on stilts with a floor, balcony and steps or with a tunnel entrance

One thing is for sure, the big bad wolf wouldn't have been able to blow this house down!

WiseWoods can design and make any type or size of shelter.

The limit is your imagination!
We even do tree houses.

SHELTERS - Workplace Shelter

£795 Workplace Shelter

A sociable and stylish outdoor space for those desperate for a bit of 'fresh air'.

In common with the rest of our product range, it is also very solidly built.

Available in any sizes, and you can choose where you put the walls, windows and seats.

SHELTERS - Firewood Shelter

£120 Firewood Shelter (1 cubic metre)

Our firewood shelters can be provided flat-packed.

We can custom-make them to fit the exact space you have in your yard and the roof can be sloped in any direction.

OTHER WISEWOODS PRODUCTS

£125
Druid's Chair
(Douglas Fir)

Bed
From £195

Our solid design style also works well indoors.

The Druid's Chair and the Bed are just two of the items we make as part of our indoor product range.

If you have any other ideas, just let us know and we will make them for you!

➤ **About WiseWoods Wales**

WiseWoods Wales is based in a 57 acre former Ancient Woodland Site near Aberystwyth in mid-Wales. It was set up by its parent charity Tir Coed with the aim of restoring local woodlands and training local people.

➤ **Timber sourcing**

The timber we use is felled on site by our forestry team, milled in the woods on our own sawmill and transformed into products by skilled craftsmen in our woodland workshop. We avoid felling at all in the spring and early summer so we don't disturb nesting birds and other wildlife. Every tree we fell improves biodiversity and helps restore the woodland to its former glory. Our designers and craftsmen specialise in bringing your ideas and dreams into reality.

➤ **No chemicals**

We avoid the use of poisonous chemical preservatives on our products. Instead we use the most durable softwood timbers such as Douglas Fir and Japanese Larch. We also design our products to shed water. In order to present our products in the best light, we normally give them a light coat of natural linseed oil. If the products are left outside to weather naturally, they take on a light, silvery finish.

➤ Delivery

Every attempt will be made to deliver items as part of the installation process. Extra delivery fees will be charged when extra costs are incurred due to the need to use couriers, special equipment or the tractor and trailer to deliver. WiseWoods normally operates in mid Wales. Deliveries and installations further afield will be priced subject to negotiation.

➤ Installation

Most of our products will require assembly and/or installation by our team. Contact us for typical prices for each item. Many of our items require digging into the ground. Installation fees will be based on a site survey to gauge the nature of the ground. Very rocky or very wet ground can significantly increase the installation time. Our wooden posts are normally buried at least one third into the ground. Where possible, we use compacted earth and rocks - on less stable ground we use concrete to secure the posts.

➤ Prices and VAT

All prices shown are subject to 20% VAT. The price of assembly and installation on site will have to be added to the list price in this brochure.

➤ Aftercare

All our timber products are made from durable softwoods. Some items have a light coat of Linseed oil. In order to retain the warm colour of the timber, this coat should be renewed annually.

➤ Playground standards

All of our playground items conform to the European Play Safety Standards EN1176 and EN1177, and our head designer is a Playground Inspector under the Register of Playground Inspectors International (RPiI). We can also provide free advice on Risk Management and maintenance for playground managers.

➤ Safety surfacing

Safety surfacing is not required by EN1177 for fall heights of up to 1.5m onto grass. Where the ground is hard, or the items have a fall height of over 1.5m, WiseWoods can supply and install safety surfacing for an extra fee to cover the labour and materials.

➤ Guarantee

WiseWoods will repair any failures caused by deterioration in materials or defects in workmanship within 5 years of the original installation, free of charge.

NB. Products may differ from photos in this booklet as many of the products are bespoke.

WiseWoods Wales can also supply:

- Fencing
- Surfacing
- Boardwalks
- Footpaths
- Bike trails
- Planters
- Tables
- Groundwork

On our team we have professional skills in: forestry, carpentry, upholstery, chainsaw carving, boat building, mountain bike trail building and footpath building.

If you can think it... We can make it!
